The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure if taken internally, acting directly on the blood and nucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

TEACAERS' ASSOCIATION

Its Seventh Session Held Yesterday at the

United Brethren Church

United Brethren Church.

Promptly at 10 o'clock Superintendent Rust convened this body of teachers, and after the opening exercises by Rev. S. L. Rice, of the United Brethren Church, Miss Wyant, the secretary of the association, read the minutes of the last meeting.

The literary program was then taken up. Prof. C. E. Kregloe, principal of Commerce Street School, discussed the subject of "Bank Discount," illustrating his methods of teaching this branch by a class of pupils from his school, all of whom performed the work assigned them in a neat and accurate manner, which reflected much credit on the school.

Miss Carnefix, of Gilmer Street School.

which reflected much credit on the school.

Miss Carnefix, of Gilmer Street School, then took up the subject of "Phonics," showing by a class of little folks whom she had brought from her school, what could be done in reading in a course of eight months. Without any disparagement to the excellent work that has characterized all the previous meetings of this body, it is safe to say that nothing hitherto attempted by any of the teachers showed better results than this primary class of hers. We do not believe that any schools in the State can boast of better primary work than is done by the teachers of the Roanoke city schools. Being recognized as the most important period of the child's life, the requirements are fully and ably met by the ladies who have been placed in charge of these departments throughout the city.

Miss Ribble, of the Belmont school, closed the literaty exercises with a strong and interesting paper on "History as Taught in Our Public Schools."

County Superintendent Stearnes being present, made a short address in behalf of the Summer Normal to be held in Redford City. His remarks on the exercises of the morning were highly complimentary to the Roanoke teachers.

After the closing exercises the association was adjourned until the third Saturday in May.

Jury in the Gold Brick Case.

Saturday in May.

Jury in the Gold Brick Case.

The Richmond correspondent of the Petersburg Index-Appeal in the issue of yesterday says: There is considerable talk in Henrico, and in the city too, about the failure of the jury in the gold brick case to bring in a verdict. Ten members of the jury are bitter in their denunciation of two of their associates. I learned to-day upon the best authority that one of the jurors asked the foreman to lay before Judge Wickham certain suspicious circumstances involving a county officer and two jurors, but Foreman Christian refused to do so. One can easily hear bribery hinted at, but no one has been found who is willing to become responsible for the charge. Parker will have a new trial next month during the early part of the term of the court. There will be much difficulty in securing another jury in Henrico, and it is likely that there will have to be a change of venue. Bookmaker Emery, Parker's friend, is still here.

General Lee in Lynchburg.

General Lee in Lynchburg.

Gen. Fitzhugh Lee arrived in the city yesterday from Richmond, and is stopping at the Carroll. In conversation with a News reporter, General Lee said that he was on his way from Richmond to Lexington, and had stopped over in Lynchburg for a day on several business matters, but was not here for the purpose of entering upon his dutles as collector of internal revenue. He will leave for Lexington this afternoon. General Lee expects to return to Lynchburg about May 1 to take charge of the collector's office. His family will not come to the city before the autumn. They will spend the next few months at his summer home near Natural Bridge. General Lee is apparently in the best of health and the best of humor, but declines to express opinions on political issues for publication—Lynchburg News.
